

5 KEY BEST PRACTICES YOU CAN ADOPT NOW

# READY FOR BREXIT

## **1. Know Your Supply Chain**

Are you using a European Union hub to clear your UK-bound goods for import? Seek expert guidance now.

DHL Global Forwarding – Excellence. Simply Delivered.

## **2. Know Your Goods**

Does your cargo qualify as dangerous, do you need a permit to import it to the UK?  
Is it subject to a quota?

### **3. Know Your Incoterms**

If you currently ship goods under Delivered Duties Paid (DDP) terms, you may have to start paying for import taxes in the UK.

## **4. Prepare Your Documents**

Commercial invoices, transport document, certificate of origin... your partner will need them to perform clearances.

An aerial photograph of a port area. In the foreground, a large red gantry crane is visible on the right side. A long, light-colored crane arm extends from the left towards the center. The background shows a large area filled with stacks of shipping containers in various colors, including blue, white, and grey. The water of the port is dark blue, and the sky is not visible.

## 5. Be on Time

You will experience deep supply chain – so will many customs clearance provider

changes in your others. Secure a now.
