 Update - EU Emissions Trading System (ETS)**

Dear valued Customer,

In our customer advisory dated October 16th, 2023 we have provided the key information regarding the effects of the EU Emissions Trading System (ETS) on the maritime sector, which has been implemented since January 1st, 2024.

Below is the overview of the upcoming surcharges valid from July 1st until September 30th, 2024 applicable for major trades impacted by EU ETS regulation. EU ETS charge levels will be adjusted on quarterly basis.

You will detect certain changes in the ETS charge per trade. Carriers re-evaluated the ETS charges and are partly offering reductions on certain trades, which DHL Global Forwarding is glad to pass on to our customers.

As part of our efforts to encourage sustainable services, we are pleased to reiterate that the EU ETS surcharge will be entirely waived for shipments booked with DHL Ocean Freight GoGreen Plus. This option allows you to contribute to environmental protection without incurring additional costs related to EU ETS.

Valid from July 1st until September 30th, 2024:
